Projects

E-commerce Website for SACLB
HTML5/CSS, Javascript, PHP, MySQL, PHPMyAdmin, Laravel, Blade

A fully functional e-commerce platform built with Laravel. The website allows users to browse and purchase products, manage orders, and contact the company. The admin panel offers tools for managing products, orders, and customer messages. The project is optimized for performance, security, and clean code.

https://www.saclb.com

E-commerce website for Hayek Gaming Ground
HTML5/CSS, JS, PHP, Blade, Laravel, MYSQL

Developed a responsive e-commerce website for a gaming shop, featuring dynamic product listings, cart functionality, and a modern UI to enhance user experience and drive online sales.

https://hayekgaming.com

Lab Master Portfolio
HTML5, CSS, Javascript

This is a one-page portfolio website created for Lab Master, a business specializing in laboratory equipment. The site showcases the company's offerings and provides a streamlined, professional online presence. Built with modern web technologies, it highlights Lab Master's products and services effectively.

labmasterlb.com

Brndng Portfolio
JSX, Tailwind, Javascript, React Ts

A portfolio for new creative agency specializing in building custom websites, branding, and graphic design for businesses.

brndnglb.com

Indulgia Portfolio
React, Typescript, Tailwind CSS

A responsive and visually refined website for Indulgia — showcasing handcrafted chocolates through elegant design, subtle animations, and storytelling built with React and Tailwind CSS.

indulgia-lb.com

CareerConnect

HTML5, CSS, Javascript, PHP, MySQL, PhpMyadmin, Laravel, Blade

CAREERCONNECT IS A JOB PORTAL THAT BRIDGES THE GAP BETWEEN HIRING COMPANIES AND JOB SEEKERS. IT FEATURES USER-FRIENDLY FUNCTIONALITIES FOR COMPANIES TO POST AND MANAGE JOBS, AND FOR JOB SEEKERS TO SEARCH, APPLY, AND MANAGE APPLICATIONS EFFICIENTLY. BUILT WITH LARAVEL, PHP, AND MYSQL, IT FOCUSES ON CREATING SEAMLESS JOB-MATCHING EXPERIENCES.
